
WOODSTOCK FARMERS MARKET

Music Agreement

GENERAL INFORMATION FOR MUSICIANS

The Woodstock Farmers Market was created to provide fresh quality produce by supporting local farmers and to provide a central neighborhood gathering place. The music program has been a wonderful addition to the market, but it's important to remember that this is a farmers market and not a concert venue.

Our market is relatively small and the music style must work with the market and with the vendors' ability to work and sell their product. We currently do not schedule bands or groups requiring excessive gear or amplification, percussion or horned instruments. The Market Manager reserves the right to alter the sound levels as they see fit, and performers must comply with all sound level requests.

The Woodstock Farmers Market will provide the following:

- (1) Covered canopy
- (1) 4-channel powered mixer
- (2) Microphones with stands and cables
- (2) P.A. Speakers with stands and cables
- (2) Power strips
- (2) Extension cords
- Chairs
- Sign identifying name of act/ensemble
- Listing on the WFM website, e-newsletter, Facebook and Twitter

MUSIC BOOTH POLICY

Musicians that utilize the music booth at the Woodstock Farmers market:
